

Safety Data Sheet

1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND COMPANY/UNDERTAKING

Material Name : QUIN SYN RECIP 30 WT
Uses : Mixture.
Manufacturer/Supplier : Quincy Compressor
701 N. Dobson Ave.
Bay Minette, AL 36507
US.
Telephone : Please contact the nearest Quincy Compressor office in US: 251.937.5900
Emergency Telephone : Only for transport emergency call Chemtrec: +1 703 527 3887 or within USA:
800 424 9300.

2. HAZARDS IDENTIFICATION

Hazard Classification

Unknown toxicity

Acute toxicity, oral : 0.0 %

Acute toxicity, dermal : 0.0 %

Acute toxicity, inhalation, vapor
: 99.5 %

Acute toxicity, inhalation, dust or mist
: 99.5 %

Label Elements

Hazard Symbol : No Symbol

Signal Word : No signal word.

Hazard Statement :

Precautionary Statement:

Prevention : Avoid release to the environment.

Response : Get medical advice/attention if you feel unwell.

Disposal : Dispose of contents/container to an appropriate treatment and disposal facility in accordance with applicable laws and regulations, and product characteristics at time of disposal.

Other hazards which do not result in GHS classification

: None identified.

3. COMPOSITION/INFORMATION ON INGREDIENTS

Chemical name	CAS number	Percent by Weight
Aryl thiophosphate	597-82-0	0.5 - 1%
Di-t-butyl-p-cresol	128-37-0	0.1 - 0.5%

Safety Data Sheet

4. FIRST AID MEASURES

- Ingestion** : Treat symptomatically. Get medical attention.
- Inhalation** : Remove exposed person to fresh air if adverse effects are observed. If breathing is labored, administer oxygen. If breathing has stopped, apply artificial respiration. If experiencing respiratory symptoms call a poison center or doctor.
- Skin Contact** : Wash with soap and water. If skin irritation occurs, get medical attention. Launder contaminated clothing before reuse.
- Eye Contact** : Any material that contacts the eye should be washed out immediately with water. If easy to do, remove contact lenses.
- Most important symptoms/effects, acute and delayed**
- Symptoms** : See section 11.
- Indication of immediate medical attention and special treatment needed**
- Treatment** : Treat symptomatically.
-

5. FIRE FIGHTING MEASURES

- General Fire Hazards** : Use water to cool containers exposed to fire.
- Suitable (and unsuitable) extinguishing media**
- Suitable extinguishing media**
: CO₂, dry chemical, foam, water spray, water fog.
- Unsuitable extinguishing media**
: Do not use water jet as an extinguisher, as this will spread the fire.
- Specific hazards arising from the chemical**
: A solid stream of water will spread the burning material. Material creates a special hazard because it floats on water. See section 10 for additional information. Water may cause splattering. Burning may produce irritating, toxic and obnoxious fumes. Container may rupture on heating.
- Special protective equipment and precautions for firefighters**
- Special firefighting procedures**
: No data available.
- Special protective equipment for fire-fighters**
: Wear full protective firegear including self-containing breathing apparatus operated in the positive pressure mode with full facepiece, coat, pants, gloves and boots.
-

6. ACCIDENTAL RELEASE MEASURES

- Personal precautions, protective equipment and emergency procedures**
: Personal Protective Equipment must be worn, see Personal Protection Section for PPE recommendations. Ventilate area if spilled in confined space or other poorly ventilated areas. High risk of slipping due to leakage/spillage of product. Only trained personnel should be permitted in area. ELIMINATE all ignition sources (no smoking, flares, sparks or flames in immediate area)..

Safety Data Sheet

Methods and material for containment and cleaning up

- : Dike far ahead of larger spill for later recovery and disposal. Pick up free liquid for recycle and/or disposal. Residual liquid can be absorbed on inert material. Absorb in vermiculite, dry sand or earth and place into containers. Place in metal containers for recovery or disposal. Wash contact areas with soap and water.

Environmental Precautions

- : Avoid release to the environment. Prevent further leakage or spillage if safe to do so.
-

7. HANDLING AND STORAGE

Precautions for safe handling

- : Do not breathe thermal decomposition products. Observe good industrial hygiene practices. Provide adequate ventilation. Wear appropriate personal protective equipment. Avoid environmental contamination. Keep away from ignition sources such as heat, sparks and open flame. No smoking. Avoid breathing dust, fume, gas, mist, vapors or spray. Avoid prolonged exposure to heat and air. Avoid eye contact. Avoid repeated or prolonged skin contact. When using do not eat, drink or smoke. Avoid drinking, tasting, swallowing or ingesting this product. Use grounding and bonding connection when transferring material. Wash thoroughly after handling. Launder contaminated clothing before reuse. Empty containers retain material residue. Do not cut, weld, braze, solder, drill, grind or expose containers to heat, flame, spark or other sources of ignition..

Maximum Handling Temperature

- : Not determined.

Conditions for safe storage, including any incompatibilities

- : Store away from incompatible materials. See section 10 for incompatible materials. Store separately from oxidizers. Do not store in open or unlabelled containers. Store in dry, well ventilated place away from sources of heat and direct sunlight.

Maximum Storage Temperature

- : Not determined.
-

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Control Parameters

Occupational Exposure Limits

- : None of the components have assigned exposure limits

Appropriate engineering controls

- : Mechanical ventilation or local exhaust ventilation may be required. Use material in well ventilated area only.

Individual protection measures, such as personal protective equipment

General information

- : Use personal protective equipment as required.

Eye/face protection

- : If contact is likely, safety glasses with side shields are recommended.

Safety Data Sheet

Skin Protection

Hand Protection : Suitable gloves can be recommended by the glove supplier. Consult clothing/glove manufacturer to determine appropriate type of glove for given situation. Gloves should always be inspected before each use and discarded if they show tears, pinholes, or signs of wear.

Other : Long sleeve shirt is recommended. Wear apron or protective clothing in case of contact. Do not wear rings, watches or similar apparel that could entrap the material. Use good industrial hygiene practices. In case of skin contact, wash hands and arms thoroughly with soap and water to prevent a skin reaction.

Respiratory Protection : Consult with an industrial hygienist to determine the appropriate respiratory protection for your specific use of this material. A respiratory protection program compliant with all applicable regulations must be followed whenever workplace conditions require the use of a respirator.

Hygiene measures : Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing to remove contaminants. Discard contaminated footwear that cannot be cleaned.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance

Physical state : Liquid
Form : liquid
Color : Colorless to yellow
Odor : Mild
Odor threshold : No data available.
pH : No data available.
Freezing point : No data available.
Boiling Point : No data available.
Flash Point : 530.1 °F (276.7 °C) (Cleveland Open Cup)
Evaporation rate : No data available.
Flammability (solid, gas): No data available.

Upper/lower limit on flammability or explosive limits

Flammability limit - upper (%)
: No data available.

Flammability limit - lower (%)
: No data available.

Explosive limit - upper (%)
: No data available.

Explosive limit - lower (%)
: No data available.

Vapor pressure : No data available.

Vapor density : No data available.
Relative density : 0.835 68 °F (20 °C)

Solubility(ies)
Solubility in water : Insoluble in water
Solubility (other) : No data available.

Partition coefficient (n-octanol/water)
: No data available.

Auto-ignition temperature: No data available.

Safety Data Sheet

Decomposition temperature

: No data available.

Viscosity

: No data available.

10. STABILITY AND REACTIVITY

Reactivity : No data available.

Chemical Stability : Material is stable under normal conditions.

Possibility of Hazardous Reactions

: Will not occur.

Conditions to Avoid : Do not expose to excessive heat, ignition sources, or oxidizing materials..

Incompatible Materials : Strong bases. Strong mineral acids. Strong oxidizing agents.

Hazardous Decomposition Products

: Thermal decomposition or combustion may generate smoke, carbon monoxide, carbon dioxide, and other products of incomplete combustion.

11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure

Inhalation : No data available.

Ingestion : No data available.

Skin Contact : No data available.

Eye contact : No data available.

Information on toxicological effects

Acute toxicity

Oral

Product : Not classified for acute toxicity based on available data.

Dermal

Product : Not classified for acute toxicity based on available data.

Inhalation

Product : Not classified for acute toxicity based on available data.

Skin Corrosion/Irritation :

Product : Prolonged or repeated skin contact as from clothing wet with material may cause dermatitis. Symptoms may include redness, edema, drying, and cracking of the skin. Prolonged or repeated contact may cause irritation.
Remarks: Not classified as a primary skin irritant.

Serious Eye Damage/Eye Irritation:

Product : Remarks: Not classified as a primary eye irritant.

Respiratory sensitization: No data available

Skin sensitization :

Mineral oil

Classification : Not a skin sensitizer. (Literature) Not a skin sensitizer

Di-t-butyl-p-cresol : (Read across) May cause skin sensitization in sensitive individuals.

Specific Target Organ Toxicity - Single Exposure

: No data available

Aspiration Hazard : No data available

Safety Data Sheet

Chronic Effects

Carcinogenicity : No data available

IARC Monographs on the Evaluation of Carcinogenic Risks to Humans

: No carcinogenic components identified

US. National Toxicology Program (NTP) Report on Carcinogens

: No carcinogenic components identified

US. OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050)

: No carcinogenic components identified

Germ Cell Mutagenicity :

Aryl thiophosphate : This material has not exhibited mutagenic or genotoxic potential in laboratory tests.

Di-t-butyl-p-cresol : The Ames Salmonella test for mutagenicity was negative for this product.

Reproductive toxicity :

Aryl thiophosphate : Suspected of damaging fertility. Repeated oral gavage dosing of laboratory animals with aryl thiophosphate in a reproductive/developmental toxicity screening study resulted in litter loss and decreases in number of implantation sites at high doses.

Specific Target Organ Toxicity - Repeated Exposure

Aryl thiophosphate : No data available.

12. ECOLOGICAL INFORMATION

Ecotoxicity

Fish : No data available.

Aquatic Invertebrates :

Di-t-butyl-p-cresol : EC 50 (Water flea (Daphnia magna), 2 d): 0.48 mg/l

Toxicity to Aquatic Plants

: No data available

Toxicity to soil dwelling organisms

: No data available

Sediment Toxicity : No data available

Toxicity to Terrestrial Plants

: No data available

Toxicity to Above-Ground Organisms

: No data available

Toxicity to microorganisms

: No data available

Persistence and Degradability

Biodegradation :

Di-t-butyl-p-cresol : OECD TG 302 C, 30 %, 14 d
OECD TG 301 C, 4.5 %, 28 d

Bioaccumulative Potential

Bioconcentration Factor (BCF)

: No data available

Partition Coefficient n-octanol / water (log Kow)

Di-t-butyl-p-cresol : Log Kow: 5.03 (Not reported)

Safety Data Sheet

Mobility : No data available
Other Adverse Effects : No data available.

13. DISPOSAL CONSIDERATIONS

Disposal instructions : Treatment, storage, transportation, and disposal must be in accordance with applicable Federal, State/Provincial, and Local regulations. Dispose of packaging or containers in accordance with local, regional, national and international regulations. Empty container contains product residue which may exhibit hazards of product.

Contaminated Packaging : Container packaging may exhibit hazards.

14. TRANSPORT INFORMATION

DOT : Not regulated.
IMDG : Not regulated.
IATA : Not regulated

Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code
: None known.

Shipping descriptions may vary based on mode of transport, quantities, temperature of the material, package size, and/or origin and destination. It is the responsibility of the transporting organization to follow all applicable laws, regulations and rules relating to the transportation of the material. Review classification requirements before shipping materials at elevated temperatures.

15. REGULATORY INFORMATION

US Federal Regulations

TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)

: None present or none present in regulated quantities.

Superfund Amendments and Reauthorization Act of 1986 (SARA)

Hazard categories : None known.

SARA 302 Extremely Hazardous Substance

SARA 304 Emergency Release Notification

SARA 311/312 Hazardous Chemical

SARA 313 (TRI Reporting)

: This product may contain chemical(s) regulated under the Superfund Amendments and Reauthorization Act (SARA). For additional information please contact Lubrizol Customer Assistance:
America(s): AmerLZAMCustomerAssistance@Lubrizol.com ;
Europe: EMEAICustomerAssistance@Lubrizol.com ;
Asia: APCustomerAssistance@Lubrizol.com

Safety Data Sheet

US State Regulations

US. California Proposition 65

: No ingredient regulated by CA Prop 65 present.

Inventory Status

Australia (AICS): All components are in compliance with chemical notification requirements in Australia.

Canada (DSL/NDSL): All components are in compliance with the Canadian Environmental Protection Act and are present on the Domestic Substances List.

China (IECSC): All components of this product are listed on the Inventory of Existing Chemical Substances in China.

European Union (REACH): To obtain information on the REACH compliance status of this product, please visit Lubrizol.com/REACH, or e-mail us at REACH_MSDS_INQUIRIES@Lubrizol.com

Japan (ENCS): All components are in compliance with the Chemical Substances Control Law of Japan.

Korea (ECL): All components are in compliance in Korea.

New Zealand (NZIoC): All components are in compliance with chemical notification requirements in New Zealand.

Philippines (PICCS): All components are in compliance with the Philippines Toxic Substances and Hazardous and Nuclear Wastes Control Act of 1990 (R.A. 6969).

Switzerland (SWISS): All components are in compliance with the Environmentally Hazardous Substances Ordinance in Switzerland.

Taiwan (TCSCA): All components of this product are listed on the Taiwan inventory.

United States (TSCA): All components of this material are on the US TSCA Inventory.

The information that was used to confirm the compliance status of this product may deviate from the chemical information shown in Section 3.

16. OTHER INFORMATION

HMIS Hazard ID :

Health		0
Flammability		1
Physical Hazards		0

Hazard rating: 0 - Minimal; 1 - Slight; 2 - Moderate; 3 - Serious; 4 - Severe; RNP - Rating not possible; *Chronic health effect

Safety Data Sheet

NFPA Hazard ID :

Hazard rating: 0 - Minimal; 1 - Slight; 2 - Moderate; 3 - Serious; 4 - Severe; RNP - Rating not possible

- Issue Date** : 03/06/2015
- Version #** : 1.0
- Source of information** : Internal company data and other publically available resources.
- Further Information** : Contact supplier (see Section 1)
- Disclaimer** : As the conditions or methods of use are beyond our control, we do not assume any responsibility and expressly disclaim any liability for any use of this product. Information contained herein is believed to be true and accurate but all statements or suggestions are made without warranty, expressed or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from the use thereof. Compliance with all applicable federal, state, and local regulations remains the responsibility of the user.
