To: Canon CR-Series Check Transport Customers
From: Mark Machida, Sr. Director, Image Capture Solutions Division
Subject: Canon CR-Series Check Transport Cleaning
Date: July 1, 2012

Thank you for using Canon's CR-Series Check Transports.

In addition to following the routine maintenance instructions illustrated in our Instruction Manual, Canon USA recommends the use of KICTeam's Waffle Technology Check Transport Cleaning Card to ensure the machine's optimal performance.

Canon USA does not approve of or condone the use of any commercial home or office cleaner to clean and maintain our Check Transports.

The KICTeam Waffle Technology Cleaning Card is the only cleaning card approved by Canon to effectively clean the CR-Series check transports.
