JCM Taiko Bill Validator Cleaning Cards Now Available
Designed for the Amusement, Vending and Lottery Industries

AUBURN, Maine—December 8, 2010 — A new Cleaning Card for the JCM Global Taiko Bill Validators is being launched today through JCM Global, manufacturer of the world's best currency systems solutions. This new product, manufactured by KICTeam and featuring Waffletechnology®, incorporates a waffle pattern designed specifically to clean the Taiko Bill Validators interior lenses, belts and rollers. This product effectively cleans, using an approved cleaning solution, without opening the equipment.

"This is the fifth JCM Waffletechnology Bill Validator Cleaning Product designed for fast and efficient cleaning maintenance out in the field," said Mark Henderson, VP Sales, JCM Global. "Our versatile Taiko Bill Validators, found primarily in AWP's in the European market, now have a quick, easy to use and effective cleaning maintenance card. We are thrilled to expand the use of the same technology that has worked so well in the casino gaming industry for the past five years. KICTeam continues to provide JCM Global with streamlined solutions to meet our needs."

"Our developers have again created a successful cleaning product to meet the criteria put forth by JCM Global," said Peter Klein, president and CEO, KICTeam. "We value our relationship with JCM Global and look forward to continuing to develop effective cleaning solutions for their world class equipment. Waffletechnology is the cleaning tool of choice of equipment manufacturers for the proper and effective cleaning of their valuable equipment."
