

To: Canon CR-Series Check Transport Customer
From: Akira (Andy) Ikeda, Director, ICS Division
Subject: Care of the CR-Series Check Transports
Date: June 17, 2013

A.I.

Thank you for using Canon's CR-Series Check Transports.

This letter is to inform you that Canon U.S.A. does not approve of or condone the use of any commercial home or office cleaners to clean and maintain our Check Transports. However, in addition to following the maintenance instructions illustrated in our instruction Manual, Canon U.S.A. recommends the use of KICTeam's Waffle Technology Canon Check Transport Cleaning Card to ensure the machine's optimal performance.

This is the only cleaning card approved to effectively clean our check transports.
