Instruction Label

DIGITAL CHECK Branch Capture Cleaning Kit | INSTRUCTIONS

Digital Check Scanner Cleaning Card

- Regular cleaning recommended - see manual for interval.
- To get the proper cleaning instructions for your Digital Check scanner, visit the Support page on our website, or go directly to: <http://digitalcheck.com/cleaning>
- Understand the cleaning process prior to opening this pouch, as the cleaning card has a working life of only 2 to 3 minutes.
- After you have properly used this card, it can be discarded. Then wait at least 60 seconds for the cleaning liquid to dry before scanning the next batch.

This product features patented Waffletechnology®

Digital Check Scanner Cleaning Swab

- Clean camera lenses and inkjet nozzles as needed:

Camera lenses: open scanner lens door; wipe over lenses.

Inkjet nozzles: open scanner print head door; dab nozzles with swab.

Device Cleaning Wipe

- Clean exterior as needed.

Digital Check - Branch Capture Cleaning Kit

Check Scanner Cleaning Card

Front

DIGITAL CHECK Scanner Cleaning Card

This pre-saturated, disposable check scanner cleaning card is designed to safely and effectively remove dirt, ink, debris, residue, and other contaminants from the scanner's magnetic head, camera faceplates, paper guides, and rubber roller surfaces. Regular use of this cleaning card will improve MICR read rates and image quality, while optimizing overall transport performance.

For use with Digital Check Scanners

Regular cleaning is recommended

Cleaning intervals will vary by the volume, type, and condition of the documents processed by your organization. Digital Check recommends that you clean your scanner every week to two weeks depending on the volume.
