

12V GEAR REDUCTION STARTERS FOR FORD GASOLINE ENGINE APPLICATIONS

DESIGNED FOR YOUR TOUGHEST APPLICATIONS

For 35 years, the biggest names in engine manufacturers have chosen one name in cranking power — DENSO. As the world's largest starter manufacturer, our starters simply install faster and perform better under rigorous conditions. The DENSO commitment to quality, durability, performance and innovation is the reason our components are truly better by design.

SPECIFICATIONS

- 12V 1.8 kW
