QDS015 Air and Nitrogen Booster

Trust Quincy’s line of Oil-Free Air and Nitrogen boosters for your critical project needs. Designed to prevent contamination and losses of the gas stream, these units provide worry free operation and a 20+ year life expectancy.

The QDS015 Features:

- 100% oil-free gas stream
- ISO 8573-1 compliance eliminates risk to product and equipment
- Durable cast iron and steel construction
- 24 hour duty cycle
- Simple annual maintenance
- 24 hour live tech support
- Made in the USA

Table based on 80°F suction temperature at sea level. Cooling fan option may be required to reach maximum flow. Contact Quincy Compressor for specific capacity at given conditions. To ensure we are constantly improving, Quincy Compressor reserves the right to make changes without prior notification.

QDS015 Air and Nitrogen Booster

Dimensions
Length: .............................................. 50”
Overall Width (*W1): .................................. 46”
Skid Width (W2): .................................. 23”
Height: .............................................. 46”
Estimated Weight: ................................... 700 lbs
Estimated Shipping Weight: ...................... 950 lbs
Suction (FNPT): .................................. 3/4”
Discharge (FNPT): .................................. 3/4”
Instrument Ports (FNPT): ...................... 1/4”

Technical Specifications
Bore: .............................................. 2.25”
Stroke: .............................................. 2.50”
No. of Stages: ...................................... 1
No. of Cylinders: ................................... 1
Cooling: ........................................ Air
Controls: ............................. PLC Touch Screen Interface
Compressor Model: ........................ AN3.4A

Utility Requirements
Power (5 HP): ..................................... 460/3/60 7.3 FLA

Options
- Auxiliary Cooling Fan
- Cold Weather Packaging
- Duplex Programming
- Multiple Voltages
- Modbus Gateway
- Moisture Separators
- DSi Install Kit Includes
  - Filters
  - Regulators
  - Tanks
  - Flex Hoses

*Includes front control panel and rear belt guard assembly.
